

# IntakeForms getting started

The following video explains how to create a form in Raley IntakeForms like the one below:

## Online demo

Our little online demo (please do not use this form to get official support from us). Use this URL for official support channel <https://wiki.raleyapps.com/category/con>

Simple Raley Intake Form embedded to Confluence page using a free plugin - [Raley IntakeForms Viewer](#) (available for Confluence Server and for Confluence Cloud)
