

# Notifying all users in particular ServiceDesk

**Question:** I need to notify all users in a specific service desk. How?

**Answer:** Make use of `$jirassimo.serviceDeskCustomersEmails("JIRA_PROJECT_KEY")` function like this:

Send to \*

EMAIL

Subject \*

An email to all service desk customers

Issue field picker ▾

To \*

Choose JIRA fields

`$jirassimo.serviceDeskCustomersEmails("SWASUP")`
