

Notifying all users in particular ServiceDesk

Question: I need to notify all users in a specific service desk. How?

Answer: Make use of `$jirassimo.serviceDeskCustomersEmails("JIRA_PROJECT_KEY")` function like this:

Send to *

EMAIL

Subject *

An email to all service desk customers

Issue field picker ▾

To *

Choose JIRA fields

`$jirassimo.serviceDeskCustomersEmails("SWASUP")`
